PROCEEDINGS OF THE ROYAL SOCIETY OF MEDICINE, VOL. XXVIII, 1934-35.

INDEX

VOL. XXVIII, 1934-35.

Note.—In this volume two series of numbers are used for pagination, one being the sectional page number and the other the volume page number. The latter only is used in the Index. An asterisk (*) is an indication that German and French abstracts are given of those particular papers.

- Abdominal wall, tumour of** (? fibrosarcoma):
case for diagnosis, 1526
- Accidental injuries, functional re-education, 765**
physical restoration in, 764
prosthesis in, 765
rehabilitation surgery, 764
their compensation and rehabilitation in the
United States (H. H. Kessler), 763
- Achalasia of cardia** (G. C. Knight and W. A. D. Adamson), 891
sympathectomy for, 892, 897
of oesophagus, case of, 411
- Achondroplasia, 1616**
- Acoustic tumour?** Ménière's syndrome? Case
for diagnosis, 545
- Acrodermatitis atrophicans and Schamberg's**
disease, combination of, case of, 363
Herxheimer, case of, 1535
- ? Acro-dermatitis continua** (Hallopeau) secondary
to sycosis and cellulitis, 113
- Acrodermatitis perstans.** ? Pustular psoriasis,
case of, 1534
- Actinomyces, horse's mandible showing:**
pathological specimen and skiagrams of
(C. B. Henry), 1669
of lung, case of, 831
- Active Service, conditions of, choice of an**
anaesthetic under (E. D. D. Dickson),
371
- Adam, J.**—Discussion on etiology and treatment
of asthma, 255
- Adamantinoma, suprasellar, with signs of**
pituitary insufficiency, case of, 1175
- Adams, W. Stirk.**—Discussion on obstructions
of trachea, 1596
- Adamson, W. A. D., and Knight, G. C.**—Achalasia
of cardia, 891
- Addialn** (hemopoietic factor in gastric juice), 476
- *Addison's disease, treatment of, by whole adrenal**
gland (C. S. Hicks and M. L. Mitchell),
932
- Adenoma, sebaceous, Pringle type of, case of, 513**
- *Adrenal gland, whole, treatment of Addison's**
disease by (C. S. Hicks and M. L. Mitchell), 932
- Adrenaline, depressor action of, 21**
use of, in atropine and hyoscine irritation, 1425
- Aikman, K. B.**—Discussion on sterilization of
women, including indications (medical
and eugenic), technique and legal position,
959
- Air contamination in submarines, 1288**
- Aitken, D. M.**—Fracture of lower fourth of tibia
and fibula: left leg, 642
- Alcock, N. S.**—Electrical injury of shoulder, 1523
Increased intracranial pressure: case for
diagnosis, 1518
Nasopharyngeal endothelioma, 1523
Progressive cerebellar degeneration, 1078
- Alimentary canal, hæmorrhage from, radiologic**
examination of, 550
radiologic examination of, solution of some
problems in diagnosis by (B. R. Kirklín),
549
- *Allchin, F. M., and Carling, E. R.**—The present
and future of radium teletherapy, 1145
- Allergy, definition of, 248**
- Alopecia, cicatricial, lichen spinulosus with, case**
of, 1547
of scalp, with keratosis pilaris, case of, 1174
two cases of. ? Pseudo-pelade of Brocq, 114
totalis supervening on hirsutism, 369
- Amblyopia, quinine, case of, 354**
- America, United States of, sterilization law in,**
précis of, 1353
- Amniotic band, case of, 651**
- Amyl nitrite, treatment of contraction ring by;**
with observations on the pharmacological
action of nitrite (C. R. Croft), 481
- Amyotonia congenita, case of, 665**
- Anæmia, angina pectoris in relation to, 1270**
aplastic, with bronzing, 1070
causes of, radiologic examination for, 553
human, physiological incidence of, 473
in animals, 471.
leuco-erythroblastic, with osteosclerosis, calcium
balance in, 1628
pernicious, and peripheral neuritis, case of, 1515
clinical experiments (cases) with cardiac-gland
fraction, 852 *et seq*
with duodenum fraction, 862
with fundus and pyloric-gland fractions, 848,
et seq

- Anæmia**, pernicious, glands of stomach in relation to; with special reference to the glands in the pyloric region (E. Meulengracht), 841
- Anæmias** due to a deficiency of the principle in liver which is effective in the treatment of Addisonian pernicious anæmia, 475
- nutritional, discussion on, 469
- Anæsthesia**, explosions associated with, the work of the Joint Anæsthetics Committee on, 1143
- 3 factors other than anæsthetics affecting (H. P. Crampton), 91
- the anæsthetist, 92
- the patient, 91
- the surgeon and the operation, 94
- injection, in mouth, sequelæ following: a bacteriological investigation (H. Round and H. J. R. Kirkpatrick), 1679
- Anæsthetic agents**, newer, the Joint Anæsthetics Committee's work on, 1137, 1140
- apparatus, an explosion in (R. Ironside), 1127
- choice of, under conditions of active service (E. D. D. Dickson), 371
- mixtures, explosion limits of, 1131
- explosive, electrical ignition of (G. I. Finch), 1130
- Anæsthetics Committee (Joint):** a retrospect of 11 years' work (C. F. Hadfield), 1133
- ignition of, the Joint Anæsthetics Committee's work on, 1137
- Andrews, C. H.**—Discussion on influenza in man and animals, 941
- Aneurysm** of internal carotid artery, 1579
- Angina**, false, 1270
- pectoris, acute coronary occlusion, 1271
- angina of effort, 1272
- conditions simulating, 1268, 1270
- drug treatment of, 1274
- in relation to anæmia, 1270
- progressive coronary stenosis, 1271
- surgical treatment of, 17
- treatment of, discussion on, 1267
- Angio-fibrosarcoma?** case of, 1548
- Angiokeratoma** (Mibelli), case of, 1535
- Angioma**, cavernous, of ulna, 418
- of fauces, case of, 1431
- Animals**, anæmia in, 471
- and man, influenza in, discussion on, 941
- jaws of, pathological changes in (R. Bradlaw), 1672
- hemoglobinurias and myoglobinurias of, 672
- Aniridia**, case of, 1409
- Ante-natal care**, how can the results be improved, discussion on, 463
- Antrum** and ethmoid, malignant disease of, radium treatment of, eight cases illustrating, 1574
- Schneiderian carcinoma of, radium treatment of, 1576
- small round-cell sarcoma of, radium treatment of, 1577
- transitional carcinoma of, radium treatment of, 1577
- Anxiety neurosis** simulating angina, 1270
- Aorta**, coarctation of, without visible or palpable evidence of collateral circulation, 1187
- dilatation of, two cases illustrating, 393
- Aortic disease** of unusual evolution, 100
- Aphasia**, motor, congenital, case of, 1077
- Apicectomy**, the aftermath of (A. H. Parrott and A. W. Wellings), 1293
- Apothecaries** in England in the thirteenth century (C. J. S. Thompson), 1157
- Apothecary** of eighteenth century, an F. Baker snuff-box belonging to (T. Hare), 1544
- Apraxia**, some observations on (W. Mayer-Gross), 1203
- Arachnodaectyly**, 1617
- Arafa, M. A.**—Discussion on diagnosis of diseases of the stomach, 777
- Army hygiene**, milestones in, cleanliness of the soldier, 7
- clothing and equipment in the field, 11
- disinfection in the field, 13
- disposal of cookhouse sullage water and soapy water from baths, in the field, 13
- education, 1
- feeding, and drinking-water, in the field, 10
- feeding of the soldier, 5
- housing of the troops, 2
- intelligence in the field, 9
- married quarters, 3
- mother and child welfare, 8
- some milestones of achievement in, and a few suggestions for further progress (P. H. Henderson), 1
- use of aluminium foil in regulation of temperature in the field, 13
- Arsenic-resistant syphilis**, case of, 1527
- Arsenical poisoning**, chronic, ? carcinoma of liver, 104
- Arthritis**, "rheumatoid" type of, two cases illustrating, 1642
- Arthropathy**, trophic, of Charcot type, in left elbow, with rupture of biceps, 338
- Artificial respiration**, prolonged, by Sir William Bragg's method, apparatus for, 436
- Asthma**, etiology and treatment of, discussion on, 247
- Atelositoses**, use of term suggested, 1398
- Atkins, H. J. B.**—Chronic ulcers on soles of feet, of unknown pathology, 102
- Atkinson, E. Miles.**—Three cases of frontal sinusitis, treated by Harmer's intubation method, 1581
- Atlas and Axis**, acute osteomyelitis of, with recovery, 902
- inflammatory dislocation of, from axis, 445
- Atmospheres** in sealed compartments, dangers of, 1289
- Atmospheric hazards** encountered in Naval life (S. F. Dudley), 1283
- Atropine** and hyoscine irritation, use of adrenaline in, 1425
- Axillary metastases** from epithelioma of finger, treated by radon, 398
- Bach, F.**—Two cases illustrating the "rheumatoid" type of arthritis, 1642
- Back pain**, osteopathic manipulation for cure of, rapid rhythmical movements an alternative to (T. S. Wilson), 629
- *Bacterial chemistry**, medical and other aspects of (P. Fildes), 79

- Bailey, R. H.**—Diaphragmatic hernia, 1191
 Facial tumour, 412, 886
 Nodular kidney in left iliac fossa, 1334
 Specimen: congenital cystic dilatation of common bile-duct, 1194
 Still's disease with erythema multiforme, 157
- Bailey, U. M.**—Supravital staining in the diagnosis of the leukemias, 405
- Baker, F.**—Snuff-box belonging to an eighteenth century apothecary (T. Hare), 1544
- Bamber, G.**—Chronic pyococcal granulomatosis, resembling Gilchrist's disease, 360
 Lichen planus, case of, 360
 ? Primary lesion on eyelid, 308
- Barber, H. W.**—Lichen spinulosus with cicatricial alopecia, 1547
 Pityriasis rosea, 732
 (? modified by injections of gold), 732
 Pustular psoriasis, 1167
 Three cases of rosaceous tuberculide, 1168
- Barcelona**, sanocrysin therapy in, 1466
- Barcroft, J.**—Discussion on hæmoglobinuria, 671
- Barling, Seymour.**—Discussion on the training of a surgeon, 1249
- Barnett, B.**—Hæmostatic uses of snake venom, 1469
- Barrett, Lady.**—Discussion on ante-natal care, 467
- Basden, M. M.**—Case of obstructed labour due to radium stenosis of cervix, 871
- Batten, L.**—Discussion on the assessment of the state of nutrition, 729
- B.C.G.** vaccination in relation to prophylaxis in pulmonary tuberculosis, 1298, 1312
- Bebeerine**, pharmacology of, 571, 572
- Bedford, D. Evan.**—Discussion on ultimate prognosis of coronary occlusion, 137
- Behrman, S.**—? Primary oligodendroglioma of brain with spinal metastasis, 1522
- Bell, G. E.**—Discussion on radium teletherapy, 1155
- Bell, J. G. Yates.**—Discussion on treatment of ureteric calculi, 586
- Bennett, T. Izod.**—Discussion on diagnosis of diseases of stomach, 769
- Berry, R. J. A.**—Discussion on mental defects from the neurological and psychiatric standpoints, 783
- Bezold's mastoiditis**: cholesteatoma with intact tympanic membrane, 545
 uncommon type of, case of, 1109
- Bile-duct**, common, congenital cystic dilatation of, specimen, 1194
- Binks, W.**—Discussion on radium teletherapy, 1155
- Binney, C.**—Discussion on sterilization of women, including indications (medical and eugenic), technique and legal position, 955
- Birch, C. A.**—Subcutaneous emphysema complicating pneumonia, 661
- Birth injury** of jaw, case of, 1296
- Blacker, C. P.**—Discussion on sterilization of women, including indications (medical and eugenic), technique and legal position, 953
 Uses and limitations of sterilization in social psychiatry, 1353
- Blackwater fever** in Nyasaland, 401
 seasonal incidence and correlation with rainfall and anopheline density, 392
- Bladder function**, effect of nervous disease on, 49
 large concentrically laminated fibrinous balls unattached in, 582
 neck, dysectasia of, chronic retention of urine in women caused by, six cases of, 1511
 *of the male, in health and disease, musculature of (J. B. Macalpine), 39
- Blakley, J. B.**—Cases of hydatidiform mole, 1227
- Blood-pressure**, action of ether on, 24
 *control of (J. H. Burn), 15
 depressor action of adrenalin, 21
 dilator action of pituitary extract and, 22
 high, pathology of, 17
 surgical treatment of, 17
 normal variation in, 19
- Bones**, carcinomatosis of, calcium and phosphorus metabolism and, 1627
 generalised diseases of, calcium and phosphorus metabolism in (D. Hunter), 1619
- Boswell, D. W.**—Discussion on problems of rural water supplies, 825
- Bosworth, T. J., and Glover, R. E.**—A differential character of *Clostridium welchii*, Type D, 1004
- Bourne, A.**—Discussion on sterilisation of women, including indications (medical and eugenic), technique and legal position, 960
- Bowen's disease** (pre-cancerous epitheliomatosis) of palate and fauces, two cases of, 441
- Bradlaw, R.**—Pathological changes in jaws of animals, 1672
- Bragg-Paul Pulsator**, the, 436
- Brain**, metastatic tumours of (J. St.C. Elkington), 1080
 age of onset of symptoms, 1083
 clinical features, 1083
 diagnosis of, 1089
 duration of symptoms, 1084
 general incidence, 1081
 gross appearances, 1090 *et seq.*
 in relation to cerebral tumours in general, 1081
 malignant disease in general, 1092
 microscopical appearances, 1095
 mode of onset, 1084
 pathology, 1090 *et seq.*
 site of primary growth, 1082
 symptoms, 1085
 treatment of, 1096
- Brain, R. T.**—Acrodermatitis perstans: ? pustular psoriasis, 1534
 Large papular syphilide, 809
 Mycosis fungoides, 505
 ? Parapsoriasis-en-plaques of Brocq, 1533
 ? Pityriasis lichenoides: case for diagnosis, 506
 Subcutaneous gummata, 810
 Superficial verrucose gumma, 809
- Braithwaite, J. V.**—Giantism, virilism, and pseudohermaphroditism, 148
 Specimens from case of congenital hyperplasia of suprarenal cortex, 639
- Bramwell, C.**—Benign cardiac pain, 1270
 Discussion on angina pectoris, 1270
- Bray, G.**—Discussion on etiology and treatment of asthma, 252
- Urticaria pigmentosa (nodular type), 1323

- Breast**, carcinoma of, inoperable, with skin of "peau d'orange" type, treated by Todd's method of selenium injections, combined with X-ray exposures, 758
- Brews, A.**—A follow-up survey of the cases of hydatidiform mole and chorion-epithelioma treated at the London Hospital since 1912, 1213
- British Guiana**, scientific activities in, 64
- Pharmacopoeia**, the work of the Joint Anaesthetics Committee on, 1143
- tropical possessions, scientific activities in, 57
- Brook Committee on Sterilization**, proposals of, 1354
- Broderick, R. A.**—Life-masks in conjunction with models of mouth, 1667
- Bronchiectasis**, atelectatic, case of, 1192
- collapse, in a child, 97
- thoracoplasty with unsatisfactory result. Successful lobectomy, case, 1183
- unilateral, pulmomectomy for, 756
- Bronchus**, stricture of, 337
- Brooke, R.**—Generalized osteitis fibrosa. Rapid calcification of bone after complete parathyroidectomy, 1366
- Brooke's** tumour with secondary intra-epidermal epithelioma, case of, 1557
- Browne, D.**—Congenital stenosis of duodenum treated by gastro-enterostomy, 1335
- Infant with four different types of congenital deformities, 412
- Browne, F. J.**—Discussion on ante-natal care, 461
- Brown-Séquard** syndrome: right hemihæmatomyelia, 517
- Brunner's** gland cells, 862, 863
- Bruston** auto-pneumatic direct pumping system for rural water supplies, 814, 828
- Burke, Noel.**—Discussion on mental defects from the neurological and psychiatric standpoints, 799
- Discussion on mental hygiene—preventive measures in childhood, 627
- ***Burn, J. H.**—The control of the blood pressure, 15
- Burns, B. H.**—Prespondylolisthesis, 1033
- Bursa**, loose bodies removed from, 417
- Burt, J. Barnes.**—Some problems in study of sciatica, 73
- Buxton, J. Basil.**—Some aspects of the rôle of tuberculin in the control of tuberculosis, 257
- Buxton, St. J. D.**—Spinal disease complicating Gaucher's disease in child, 1027
- ***Cachexia**, pituitary, with disturbance of circulatory regulation. Result of treatment with prolân (C. Stanton Hicks and F. S. Hone), 925
- Cade, S.**—Discussion on radium treatment of malignant disease of rectum and anus, 1262
- Cæcum**, columnar-celled carcinoma of, in a young man, 447
- with large stercolith, tuberculous ulceration of, specimen, 218
- Calisson** disease, hazards in, 1285
- Calcinosis** of kidneys, renal dwarfism associated with, 1328
- Calcium** and phosphorus metabolism in generalized disease of bones (D. Hunter), 1619
- content of food of European women resident in Tropics, importance of, in pregnancy, 709
- requirements and calcium metabolism in pregnancy, 1899
- Calculi** in the renal tubules, 579
- uretric, treatment of, discussion on, 582
- Calvert, H. T.**—Discussion on problems of rural water supplies, 827
- Cameron, I. D.**—Discussion on ante-natal care, 453
- Capener, N.**—Scoliosis associated with von Recklinghausen's disease: treated by bone-grafting, 1368
- Skiagrams of a very early case of spondylolisthesis, 1369
- Capps, F. C. W.**—Acute exacerbation of chronic suppurative otitis media. Extradural abscess. Complete hemianopia, 234
- Acute otitis media—acute mastoiditis—Schwartz's operation—onset of meningitis during convalescence—pneumococci from cerebrospinal fluid—recovery, 545
- Carbon dioxide**, excess of, effect of, 1287
- tetrachloride, poisoning by, 1291
- Carcinoma** mammae cases, after-care of, 687
- metastases in, prevention and treatment of, discussion on, 681
- recurrent, painful, treated by selenium and X-rays with immediate relief from first injection, 1182
- of rectum, conservative surgery of, discussion on, 1559
- recti, radium treatment of, discussion on, 1257
- Carcinomata**, multiple, case of, 364
- Cardell, J. D. M.**—Avulsion of optic nerve, 355
- Cyst of iris, 355
- Cyst of sclera, 356
- Cardia**, achalasia of (G. C. Knight and W. A. D. Adamson), 891
- Cardiac** pain, benign, 1270
- Carling, E. Rock.**—Six cases illustrating results of sympathectomy in abnormal vascular conditions, 1193
- *and **Allechin, F. M.**—The present and future of radium teletherapy, 1145
- Carlton, C. Hope.**—Discussion on compensation and rehabilitation in accidental injuries, 768
- Discussion on fracture of tibia involving knee-joint, 1050
- traumatic shock, 1495
- Carotid** artery, internal, aneurysm of, 1579
- Carswell, R.**—Discussion on problems of prophylaxis in pulmonary tuberculosis, 1315
- ***Cashell, G. T. W., and Thompson, A. H.**—Pedigree of congenital optic atrophy embracing 16 affected cases in six generations, 1415
- Cassidy, Sir Maurice.**—Discussion on ultimate prognosis of coronary occlusion, 136
- Castle's** intrinsic factor, 842
- Castellani, Sir Aldo.**—Pityriasis versicolor tropicalis, 1558
- Castiglioni, A.**—G. B. Morgagni and the anatomico-pathological conception of the clinic, 375

- Cataract**, soft, dissection of, reattachment of retina after, 353
- Cattle**, bacillary hemoglobinuria in, 673
myoglobinuria in, 678
- Cellulitis**, orbital, secondary to nasal disease, treated by simple incision, four cases of, 1569
- Cements**, silicate (E. Matthews), 742
- *Cephalometry**, X-ray, new method of, estimation of fetal maturity by: its bearing on clinical midwifery, 489
- Cerebellar degeneration**, cortical (J. Lhermitte), 379
progressive, case of, 1078
- Cerebral angioma?** Intracranial aneurysm? case of, 1078
destruction, symptoms attributable to, in metastatic tumours of brain, 1086
hemispheres, absence of, specimen from case in which infant survived for 2 weeks, 1075
- Cerebrospinal fluid**, pressure of, in metastatic tumours of brain, 1087
- Cervix**, radium stenosis of, obstructed labour due to, case of, 871
- Ceylon**, scientific activities in, 61
- Chambers**, E. R.—The sinuses in relation to eye disease, 1582
- *Chemistry**, bacterial, medical and other aspects of (P. Fildes), 79
- Chest**, X-ray examination of, in metastatic tumours of brain, 1088
- Chicken-pox**, encephalitis following, 1192
- Childhood**, preventive measures in, in mental hygiene, 617
- Chimpanzee**, birth of, at the Zoological Gardens, London (J. Wyatt), 876
- Chloasma** virginum periorale, case of, 1169
- Cholera** epidemic in Yorkshire in 1832, history of (E. A. Underwood), 608
- Cholesteatoma**, temporal, left, case of, 1520
- Cholesterol**, rôle of, in health and disease (H. Gainsborough), 989
- Chondroma** of posterior edge of vomer, 444
- Chondromata**, synovial, multiple, synovectomy for, 1361
- Chordoma** of base of skull, case of, 1427
- Chorion** epithelioma and hydatidiform mole, cases treated at London Hospital since 1912, follow up survey of (A. Brews), 1213
- Choroidal sclerosis**, with illustrative cases, 526, 527
- Christophers**, Sir Rickard—Discussion on hemoglobinuria, 679
Discussion on malaria in Nyasaland, 404
- *Circulatory regulation**, disturbance of, pituitary cachexia with. Result of treatment with prolân (C. S. Hicks and F. S. Hone), 925
- Clark**, V.—Discussion on problems of prophylaxis in pulmonary tuberculosis, 1317
- Clarke**, H. Osmond.—Discussion on fracture of tibia involving knee-joint, 1035
- Clarke**, T. A.—Congenital absence of ear, with facial paralysis, 236
- Clinic**, anatomico-pathological conception of, G. B. Morgagni and (A. Castiglioni), 375
- Clostridium Welchii** Type D, a differential character of (T. J. Bosworth and R. E. Glover), 1004
- Cockayne**, E. A.—Collapse bronchiectasis in a child, 97
Hepatosplenomegaly associated with mental deficiency and bone changes, 1067
Mediastinal dermoid, 448
- Coeliac** disease showing unusual features, case of, 663
with unusual features, 154
- Coke**, H.—Discussion on low-fat dietary treatment of psoriasis, 508
on prevention and treatment of metastases in carcinoma mammae, 689
- Coleman**, F.—Presidential Address (Section of Odontology), 67
- Colledge**, L.—Discussion on obstructions of trachea, 1587
- Colon**, skiagram of, showing result 2 years after resection of sigmoid for carcinoma followed by end-to-end anastomosis, 218
- Collinson**, H.—Discussion on the training of a surgeon, 1248
- Comrie**, J. D.—English medicine in the Eighteenth Century, 1603
- Conjunctival** sac, pre-operative preparation of, by ultra-violet rays, 192
- Constipation**, X ray examination in, 560
- Contraction ring**: treatment by amyl nitrite, with observations on the pharmacological action of nitrite (C. R. Croft), 481
- Cook**, L. C.—Discussion on unsettled problems of neurosyphilis, 173
- Co-ordination**, disturbances of, mechanism of, 889
- Cope**, Zachary.—Discussion on the training of a surgeon, 1250
- Copeman**, W. S. C.—Still's disease cured by gold, 409
- Copper**, metabolism of, in relation to nutritional anemia, 471
- Corbett**, R.—Hypernephroma with hæmorrhage, 423
Infarct of kidney (ruptured), 423
Large fibroma of great omentum, 422
- Cordiner**, G. R. M.—Discussion on radiological diagnosis of renal lesions, exclusive of stone, 1199
- Cornea**, conical, bilateral, with history of acute ectasia: contact glass correction, 1412
staphyloma of, with glaucoma, 37
- Corneal graft**, case of, 523
successful, with demonstration of the case, 195
opacities, superficial, 187
- Coronary** occlusion, ultimate prognosis of, discussion on, 129
- Corsl**, H.—Chloasma virginum periorale, 1169
Superficial ulcers in tertiary syphilis, 808
- Cortical** cerebellar degeneration (J. Lhermitte), 379
- Cotton**, T. F.—Discussion on treatment of angina pectoris, 1267
on ultimate prognosis of coronary occlusion, 134
- Cowell**, E. M.—New methods of evacuation of wounded, 374
- Cowell**, S. J.—Discussion on diet in pregnancy, 1399
- Crampton**, H. P.—Factors, other than anesthetics, affecting anesthesia, 91
- Cranio-cleido-dysostosis**, 1617

- Creak, M.**—Discussion on mental hygiene—preventive measures in childhood, 627
- Critchley, M.**—Dystrophia myotonia associated with hemi-analgesia, 522
- Croft, C. R.**—Contraction ring: treatment by amyl nitrite, with observations on the pharmacological action of nitrite, 481
- Crooke, A. C.**—Microscopic demonstration of hypophyses of rats, normal, castrated and after injection of oestrone or synthetic testicular hormone, 1266
- Crymble, P. T.**—Discussion on the training of a surgeon, 1247
- Curare** and its constituents, pharmacology and therapeutics of (R. West), 565
 derivatives: curarine, convulsants, central depressants, 570
 in history: composition, pharmacology and therapeutics, 565
 supply, sources of, 573
 various forms of, properties of, 567
- Curine**, pharmacology of, 571
- Cushing's** pituitary basophilism (Cushing's disease), 335
- Dale, Sir Henry.**—Discussion on traumatic shock, 1493
 *Pharmacology and nerve endings, 319
- Darwinic** blotchy flushing over neck and upper thorax in elderly woman with high blood-pressure, 731
- Davidson, M.**—Discussion on tuberculosis in man in the Tropics, 1351
- Davies, J. H. T.**—? Lichen planus in an infant, 112
 Lymphangiectasia of scrotum, 1530
 Morphea with spontaneous resolution, 111
 Pigmented mole of foot, 112
- Davis, E. D. D.**—Discussion on cases of orbital cellulitis secondary to nasal disease treated by simple incision, 1570
